# Entrixa Pluse— Stand Alone Access Control System

## Stand Alone Access Control System

The Realtime T8 is an advanced fingerprint attendance and access control system designed to simplify workforce management for businesses of all sizes. Equipped with a fast fingerprint sensor and intuitive interface, the T8 ensures accurate employee attendance tracking and secure access control. It supports multiple verification modes, including fingerprint, password, and RFID card, making it versatile for offices, schools, factories, and retail outlets. With real-time data connectivity and easy software integration, the Realtime T8 helps organizations enhance productivity, eliminate proxy attendance, and maintain efficient workforce records. Choose Realtime Biometrics T8 for reliable, secure, and smart attendance management.
