Entrixa Pulse – Fingerprint Attendance System

Attendance And Access Control System

Realtime RS 70 is a compact and reliable biometric attendance machine built for efficient employee time tracking. It supports fingerprint and RFID card authentication, offering quick and secure attendance marking. The RS 70 features a 2.8-inch color display, an intuitive interface, and USB connectivity for easy data transfer and management. Designed for small and medium-sized businesses, this device delivers fast identification speed, low maintenance, and high accuracy. The Realtime RS 70 attendance system is an affordable, durable, and user-friendly solution that simplifies workforce management while improving organisational productivity and security.

Product Specifications

- Fingerprint Users: 3000
- Card Users: 3000
- Password Users: 3000
- Attendance Records: 1,00,000
- Working Mode: Offline/Online
- Screen Size: 2.8-inch Color Display
- Communication Modes: Ethernet, USB Disk
- Power Supply: 12V DC
- Working Current: 500mA
- Sound Indicator: Buzzer, Voice
- QR Reader: Support on Weigand IN (Yes)
- Weigand: IN & OUT (Both)
