## **Entrixa Pro AI** — Long Range Pro Series AI Face Recognition & Access Control System

# **Long Range AI Face Recognition**

Realtime Pro 304F mini is a high-performance face and fingerprint attendance machine designed to deliver fast, accurate, and secure employee verification. It features AI-powered facial recognition, fingerprint scanning, and RFID card access for multi-mode authentication. With its 3.5-inch color display, Wi-Fi and TCP/IP connectivity, and USB data backup, managing attendance becomes simple and efficient. Compact yet powerful, the Pro 304F Mini is ideal for offices, retail stores, schools, and small industries. The Realtime Pro 304F Mini biometric attendance system ensures reliable performance, enhanced security, and smarter workforce management in one sleek, modern device.

### Product Specifications

- Face Capacity: 1500
- Card Users: 1500
- QR Capacity: 1500
- Password Users: 1500
- Attendance Records: 1,50,000
- Screen Size: 3.5 inches (Color Display)
- Access Control: Yes
- Wiegand In/out: Supported
- Power Supply: 12V DC
- Support Exit Button: Push button, Notouch
